Modifications to Internal Revenue Service (IRS) Publication 1220 Specifications

The format specifications for reporting interest and interest-dividend payments to FTB are similar to IRS specifications for 1099-B reporting in IRS Publication 1220. Exceptions to IRS specifications for bonds and funds are listed below:

Bonds

- Use 1099-B format to record earnings on each state or local government bond. Report the income as if it were taxable for federal purposes. A return is due for each bond on which interest was paid.
- Enter payment amounts in positions 55-66 of the payee "B" record. Right-justify, zero-fill.
- Enter the required Committee on Uniform Security Identification Procedure (CUSIP) number in positions 556-568. Left-justify, blank-fill.
- Enter the issuer or security name in positions 569-607. Left-justify, blank-fill.

Funds

- Use 1099-B format to record earnings from mutual funds, money market funds, and unit investment trusts. Report the income as if it were taxable for federal purposes.
- Use a separate "A" record for each fund reported. Use positions 44-46 of the "A" record to report the percentage of mutual fund portfolio income distribution attributable to bonds issued by California, Puerto Rico, Guam, and the Virgin Islands, rounded to the nearest whole number (for example, 25.4 percent would be reported as 025; 25.5 percent would be reported as 026; 99.5 percent would be reported as 100).
- Enter payment amounts in positions 55-66 of the payee "B" record. Right-justify, zero-fill.
- Enter the required CUSIP number of the fund in positions 556-568. Left-justify, blank-fill.
