

1099 Pro v2014.13.10

Release Notes

This is a maintenance release that addresses issues reported for earlier releases.

NEW: Added new pressure seal layout for printing 1099-MISC forms on 5144 blank stock, copies 2 and B, no instructions.

CHANGE: Email addresses are now validated when entered on Filer, Recipient and Tax Form updates.

FIXED: 1098 Box 4 was not printing on the extended totals report.

FIXED: A number of issues with uploading to the 1099 Pro Service Bureau have been resolved.

FIXED: Printing of the 1096 paper filing transmittal form has been modified to better place the 'X' in the checkboxes for the transmittal form type.

FIXED: Boxes 3 and 6 were not appearing in the custom query field list for form 1099-C.
